Subject: Support the fossil fuel moratorium extension

Council members,

Thank you for all you do to safeguard our community, including protecting our safety and the environmental health of the Salish Sea.

I'm grateful for past moratoriums the Council has put on fossil fuel proposals, and I strongly urge you to extend the moratorium again now while a more permanent ordinance can be finalized and put in place that will continue to protect us from the dangers of these types of projects.

I am unable to attend Tuesday's meeting on this topic, so please count my voice among those you will hear from in support of extending this important moratorium - and thank you again!

With appreciation,
Julia Spencer
